COMMUNITY NOTICE

Date: 14 October 2021

Re: Energy Usage

Dear Member,

Ecotrust and the Nation are working together to develop an energy use plan. We are asking you to fill out the attached forms to aid us in developing the profile of the community. We would appreciate it, if you could fill out and return the forms, which apply to your household, to the office by the end of the month, or email them to roger@hupacasath.ca.

Your personal information such as name and address will never be used for this analysis. The costs and consumption of your electricity and gas bills will be combined with other homes to form averages. For example, '6 homes with electric baseboards consume 1000 kWh of electricity or '6 homes with natural gas spend \$100.' This analysis will be used to identify the most affordable home energy sources.

Thank you for your assistance in advance,

Roger Nopper

Chief Executive Officer
