Trades Sampler

Southern Region

Hands on
training to see if
it's right for you

Start Date: October 27
15 weeks of training
Location: Port Alberni

PRE-EMPLOYMENT SUPPORTS PROGRAM (PES) &
NUU-CHAH-NULTH EMPLOYMENT TRAINING PROGRAM (NETP)

NETP & PES Program—Bring 15 weeks of construction trades sampler to Port Alberni.

Participants will explore multiple trades in greater depth. Over the 15 week program, you will gain

practical skills and complete certifications that employers are looking for. This is an excellent step if you are considering an apprenticeship program. The program will include modules focused on carpentry, electrical, plumbing, as well as trades math and communication.

Successful completion of this 15 week program can potentially ease your transition into Carpentry Foundations or other related Foundations Programs. This is the first step in obtaining a Red Seal Certification.

For more information

contact:

Leanne Moore, Regional
Continuing Education &
Training Officer

leanne.moore@nic.bc.ca

or your NETP/PES Case
Manager

Full Living allowance during the 15 weeks
